# WELCOME

## WELCOME TO THE 2022 ENTREPRENEUR & INVESTOR LIFE SCIENCES SUMMIT

On behalf of BioUtah, BioHive and the University of Utah's Partners for Innovation, Venture, Outreach and Technology (PIVOT) Center, we welcome you to the 7th annual Entrepreneur & Investor Life Sciences Summit (Summit). We're especially excited to be gathering in person this year!

Our content-rich program features an impressive line-up of speakers and panelists who will share their experiences, expertise and insights about trends in life sciences investment and successful strategies for startups.

Catching up with colleagues and making new connections has always been an important part of the Summit, so we've dedicated the day's luncheon entirely to networking. Please engage and make valuable contacts with mentors, fellow entrepreneurs and investors.

Our pitch competition, a fan favorite, is back, although in a more limited presentation to allow time for a showcase of companies that have advanced to the "next level" through funding and research or commercialization. But it doesn't stop there. To further showcase Utah's BioHive, companies will be able to tell their story through our virtual Whova app. This virtual app will also allow attendees to get information on presenters, exhibitors and enhance networking opportunities. Check it out.

We are grateful for the generous support of our sponsors and exhibitors who make the Summit possible, particularly Wilson Sonsini, our title sponsor. We also thank the many investors who have taken the time to be here today and learn more about the state's burgeoning innovation hub. We value your participation as we continue to brand, build and unite Utah's life sciences community - one of the fastest growing in the nation. Together, we are paving the way for an even brighter future. **Enjoy the day!**

# VENUE LAYOUT & WIFI

## CLEONE PETERSON ECCLES ALUMNI HOUSE, UNIVERSITY OF UTAH

### FIRST FLOOR

### SECOND FLOOR

### WI-FI INSTRUCTIONS

1. Choose "UGuest" from the list of available networks
2. Open a browser and go to "onboard.utah.edu"
3. Agree to "Terms & Conditions"
4. Choose "Guests"
5. Follow the on-screen directions, entering an SMS-capable phone number or verification code obtained from a University sponsor

#### Need Help?

If you need help, call the UIT help Desk at 801.581.4000 option 1 or visit [it.utah.edu](http://it.utah.edu).

### SUMMIT COMPANION APP (WHOVA)

The E&I Summit uses the Whova platform to enrich your experience at the Summit while delivering all sessions virtually. Whova will also allow you learn about speakers and sponsors, engage with exhibitors, view poster presentations from participating companies, schedule meet ups with attendees, and more. Whova can be accessed via both an online app and a mobile app.

#### ONLINE APP

The online version of Whova can be accessed at <https://eilifsciencessummit.org> by clicking the "Join" button. Login using the email address with which you registered for the Summit.

#### MOBILE APP

Search "Whova" in the App Store on your iPhone or in Google Play on your Android phone. Open the app and register with the same email you used to register for the Summit. If you need to find your event, search for "entrepreneur and investor." The event invitation code is 2022EISummit.

#### POST-EVENT CONTENT ACCESS

Content can be accessed for up to six months after the Summit using the online app or the mobile app.

## EXPERTS IN LIFE SCIENCES

Engage Contracting is a commercial construction management firm who specializes in bringing the right construction delivery method to our customers. From Preconstruction Planning, Design-Build, to Construction Management, Engage Contracting is there to ensure the construction process is as seamless as possible. Our goal is to support the Life Science industry by providing specialized construction management services for regulated environments, warehouse and packaging, research and development, healthcare, operating rooms, as well as office and company amenities.

## TURNKEY CONSTRUCTION PARTNER

- **Preconstruction Planning:** At Engage Contracting we are ready to provide answers to questions you may have regarding your project. Whether you are struggling to identify budget needs or need to hire an architect or engineer, let us partner with you and provide a strategic perspective that will get your project started on the right foot.
- **Design-Build:** Engage Contracting is well acquainted with some of the best architects and engineers on the Wasatch Front and Intermountain region. With our strong design-build history and relationships, we will help you select a team that is most qualified for your project needs and has the specific expertise to ensure you get the best design for your project.
- **Construction Management:** Engage Contracting is dedicated to ensuring your project is an absolute success. As a team, it is our goal to ensure that all parties share in that success. We welcome our client's toughest challenges and excel at executing the construction phase with extreme attention to detail. We have spent decades building relationships with local subcontractors who are highly qualified and thrive on ensuring we build the best project with the most value to our client.

# SUMMIT PARTICIPANTS

**PAUL AHLSTROM**  
FOUNDER, MERIDIAN THERAPEUTICS

Paul is a seasoned operator, venture investor and author of Nail it Then Scale It. Through his various funds, Paul has invested into more than 150 companies and served on many boards including Ancestry.com, MURAL.CO and Angel Studios. Along with his wife Jenny, Paul co-founded the HealthTree Foundation which sponsors innovative patient support and research programs for terminal diseases including multiple myeloma, AML and ALS. HealthTree.org. Paul and Jenny are featured in many publications and recently the Today Show for their advocacy work.

**CHRIS BADGER**  
PARTNER, NOWCFO

Chris Badger joined NOW CFO in 2014 and is a Partner in the Utah office. Chris is a hard driving Senior Accounting professional who brings broad and diverse industry experience to his clients. He has served as CFO for companies in real estate, oil and gas, High Tech software development, manufacturing and financial services. He has extensive experience in external financial reporting, preparing for transactions and support for owners and investors. Chris has an exceptional ability to analyze problems, define business needs and implement cost-saving solutions.

Chris attended the University of Utah in Salt Lake City, Utah, and graduated with a Bachelor of Arts in Accounting and an MBA from Keller Graduate School of Business. Chris is a licensed CPA and sits on the Board of Trustees of the Mountain West Capital Network and is on the Board for VentureCapital.org. Chris is a Utah native and resides in South Jordan Utah with his wife Christine. They have three children, and four grandchildren. Chris is active in volunteer work with the Boy Scouts of America and his church.

**JENNY BARBA**  
FOUNDER, FEATURES CAPITAL

Jenny Barba is a venture investor with over twenty years of experience financing the growth of medical device and healthcare technology innovation. Jenny has executed over \$4 billion in capital transactions across thirty lead-managed public and private equity offerings, M&A and alternative investments. Jenny specializes in deal sourcing, portfolio construction, harvesting growth and building management teams in medical technology companies across all stages of development and a broad spectrum of diseases. Jenny has a successful track record fundraising for shareholder value creation, and strategic planning for corporate development, market expansion, commercialization growth and exits. Jenny has a broad network of trusted relationships with senior leaders in venture capital, founders, executives, board members, innovation centers and economic development hubs. Jenny received her BA in Neuroscience from Colorado College and an MBA and MHSA from the University of Michigan.

**JARED BAUER**  
CEO, IONIQ SCIENCES

Mr. Bauer has focused his professional endeavors on the medtech industry and is also the CEO of Cibus Biotechnologies Inc. In 2012, Mr. Bauer acquired BurnFree Products, and in just two years with a focus on sustainable revenue generation, led the team to expand BurnFree distribution to 58 countries, managing regulatory processes, re-working quality systems and making BurnFree the second largest burn treatment product line in the world. Mr. Bauer currently serves as a trustee of The Oliver Fund, a non-profit he co-founded, Chairman of the BioUtah SLC Biotech Initiative Advisory Committee, Board member of the BioHive, and recently served as an adjunct professor of entrepreneurship at Ensign College. He holds a BS in Economics from the University of Utah, and an MBA from Boise State University.

**LINDA CABRALES**  
DIRECTOR, UTAH INNOVATION CENTER

Linda Cabrales is the director of the Utah Innovation Center at the Governor’s Office of Economic Opportunity. She works with entrepreneurs in their journey to develop and advance innovative technologies and is in awe of the remarkable talent and drive found in Utah. She supports businesses in accessing non-dilutive funding through the federal Small Business Innovation Research (SBIR) and Small Business Technology Transfer (STTR) programs. Linda has worked in communications, management consulting, investment banking, and co-founded a successful small business.

**BEN BAYAT**  
GENERAL PARTNER, NGVP

Ben serves as Managing Partner of NextGen Venture Partners, opening up the firm’s west coast office in San Francisco. He leads investing of the Venture Capital fund focusing on early stage technology investments. Prior to joining the firm, Ben was a Partner at Bay Area-based Illuminate Ventures, where he invested in early stage enterprise SaaS companies. He began his career at IBM as a data scientist before moving into executive roles in the engineering and sales groups.

## PROUD TO SPONSOR THE 2022 ENTREPRENEUR & INVESTOR SUMMIT

For more than a century, Armstrong Teasdale has forged long-term relationships with clients large and small around the globe. Our attorneys work together to guide clients through virtually every challenge, from day-to-day operational decisions to some of the most complex legal matters.

See how our experience can benefit you at [atllp.com](http://atllp.com).

**BEN CAPELL**

MANAGING DIRECTOR, PETERSON VENTURES

Ben is the Managing Director at Peterson Ventures. He has been with Peterson Ventures since inception, raising over \$90 million in capital, and investing in over 70 deals in his nearly 10 years of experience. Prior to joining Peterson Ventures, Ben was the first employee hired at an enterprise tech startup based in Northern Virginia where he was the product and business manager. Prior to his startup days, he spent several years at Charles River Associates, a leading global economic and business consulting firm headquartered in Boston. Ben received an MBA and a B.S. in Finance from Brigham Young University, where he was a Hawes Scholar.

**GREG CRITCHFIELD**

CHAIRMAN, PRESIDENT & CEO, SERA PROGNOSTICS

Greg Critchfield is Chairman & CEO of Sera Prognostics, Inc., a public proteomics diagnostics company with a vision of improving maternal and fetal health through precision pregnancy care. Prior to Sera, he served as President of Myriad Genetic Laboratories where the company grew revenues 54% compounded annually over a 12-year period. He was Chief Medical and Science Officer at Quest Diagnostics, and has served on the boards of ten diagnostics/biopharma/device companies, and worked as an NIH Study Section member and chair reviewing biomedical computing grants over a 15-year period.

## SCHWEGMAN IS A PROUD SPONSOR OF THE BIOUTAH E&I SUMMIT

Schwegman is a vibrant and innovative law firm dedicated exclusively to the practice of intellectual property law. Our 120+ intellectual property attorneys and agents serve a roster of clients that includes startups, universities, multinational corporations, middle-market businesses, and individuals in matters spanning the entire technical spectrum including those relating to digital healthcare, biotechnology, pharmaceuticals, and medical technology.

MINNEAPOLIS | SAN JOSE | AUSTIN | UNITED KINGDOM

**KELVYN CULLIMORE**

**JAMES HAMET**  
 FOUNDER & CEO, VISTIM LABS INC

James Hamet is Founder & CEO of Vistim Labs, a medical device company started in 2021 to enable measuring the efficacy of emerging treatments and interventions for Alzheimer’s Disease using the latest in neurotechnology. He started his career in neurotechnology at the University of Michigan in 2016, where James founded Neurable to help partially & fully paralyzed people control technology using brain activity. Neurable has since raised \$9M and continues to operate out of Boston, Massachusetts. James’ background in electrical engineering and signals processing has enabled several of his major scientific contributions including a recent publication in Nature’s Scientific Reports where he presents a method for predicting symptoms of drowsiness using electroencephalography (EEG). He is also a patented inventor through his work with brain computer interface technology. He attributes much of his success with collaborators to his love for learning new languages. In his spare time, James runs his charity, LIT Conversations, where young adults are invited to teach key communication skills to high school students to enable their long-term success.

**DAVE HANAMAN**  
 PRESIDENT, CURAVIT

Dave Hanaman is President, Co-Founder, and Chief Commercial Officer of Curavit, a digital-first clinical trials company. Dave leads its sales, marketing, product development, and alliance strategies. He is a proven entrepreneur, operator, and board director with successful, strategic exits to public companies. Dave graduated from the University of California at Berkeley and served as a deployed U.S. Navy intelligence officer.

**DENO HIMONAS**  
 PARTNER, WILSON SONSINI

Deno Himonas is a partner with Wilson Sonsini. Prior to joining the firm on March 2nd of this year, he served as a Justice on the Utah Supreme Court (2015-2022), a state district court judge (2004-2015), and an attorney involved in complex commercial litigation (1989-2004).

**ANDREA JACKSON**  
 DIRECTOR, NORTHPOUND VENTURES

Andrea Jackson is a Director at Northpond Ventures on the firm’s convergent technologies team. Andrea is a Board Director at several digital health and patient engagement companies including Hawthorne Effect, Octave Bioscience, Outcomes4Me, and SimBioSys. She is also a Board Director at life science software technologies: Saama, Scitara Corporation, Syapse, and VieCure; as well as at R&D solutions: Codex DNA (NASDAQ: DNAY), Refeyn, and Vizgen. Andrea also served on the board at Current Health (acquired by Best Buy). Previously, Andrea was the commercial lead at Farcast Biosciences, an oncology clinical diagnostic company. Prior to Farcast, Andrea held various senior commercial leadership roles in life science startups and large companies such as PerkinElmer (NYSE: PKI) and Millipore. Before her operating roles, Andrea worked in JPMorgan’s Healthcare Investment Banking team and focused on life science tools, diagnostics, and biotechnology companies. Andrea received an MBA from Kellogg School of Management at Northwestern University and a B.A. with honors from Washington University in St. Louis.

**TAYLOR JONES**  
PRINCIPAL, PETERSON VENTURES

Taylor is a Principal at Peterson Ventures. Prior to joining Peterson Ventures, Taylor was the co-founder and COO at Blue Matador, a cloud infrastructure monitoring startup. Prior to Blue Matador, Taylor worked in partnership and sales strategy roles at Google and marketing and finance roles at American Express. Taylor holds an MBA from Harvard Business School and a B.S. in Accounting from Brigham Young University.

**ARMEN KARAMANIAN**  
CEO, ELIKSA THERAPEUTICS, INC

Dr. Karamanian is the co-founder and CEO of Elikxa Therapeutics. He is a physician, scientist, inventor and serial entrepreneur focused on creating innovative products, companies and business models across biotech, life sciences and healthcare. Dr. Karamanian holds a Ph.D. in Pharmacology from the University of Pennsylvania with training at the Wharton Business School and an MD from Universidad Favaloro where he completed his internship in Internal Medicine, Surgery and Pediatrics. He is also a Kauffman Fellow, a global network of innovators, investors and venture capitalists.

**CIARA KENNEDY**  
CEO, SORRISO PHARMACEUTICALS

Ciara Kennedy, founder, and CEO of Sorriso Pharmaceuticals, has a proven track record of delivering significant results and advancing therapeutic programs across multiple therapeutic areas and stages of development. Prior to Sorriso, Dr. Kennedy was CEO of Amplyx Pharmaceuticals until its acquisition by Pfizer. While at Amplyx Dr. Kennedy successfully raised over \$150M to develop novel treatments for immunocompromised patients. Dr. Kennedy is also a founder of Reneo Pharmaceuticals and Mirum Pharmaceuticals. Dr. Kennedy serves as an independent Board member of Otonomy and privately held, Aristeia Therapeutics and Amunix Pharmaceuticals.

**Proud sponsors of the
