

VIRTUAL AND VITAL

Join us at 2-4 PM EDT on Wednesday, June 3 AND Thursday, June 4.

At AURP's digital BIO Health Caucus **#AURPBHC**, **connect virtually** with national business and nonprofit leaders to explore trends in life science research, opportunity zone funding, the marriage of life science and philanthropy, and finding funding for projects and facilities. AURP's BIO Health Caucus represents anchor life science institutions building communities of health innovations in the US and around the world.

Bio health institutions and regions are even more important in this time of the global pandemic increasing community resilience.

Prepare to discuss the strategies and solutions in response to Covid-19, and predictions for the future.

Each afternoon of this two-day gathering, AURP will feature recognized executives including

- **Joel Marcus**, Executive Chairman and Founder, Alexandria Real Estate Equities
- **Maurice Jones**, CEO and President, Local Initiatives Support Corporation
- Life science funding/resource panel with **Stephen Susalka**, PhD, CEO, AUTM and **Paul Zielinski**, Executive Director, FLC
- A full array of lightning round snap chats with bio health cluster leaders from Connecticut, DC/MD/VA, New York City, Chicago, Salt Lake City and Sacramento

Thank you BIO Health Caucus Co-Chairs

BioHealth Innovation

Sponsorship opportunities available, contact Brian Darmody at briandarmody@aurp.net.

BIO Digital June 8-12, 2020

For 2020, the BIO International Convention will transition to a new, virtual event format, BIO Digital. This virtual gathering of the global biotech industry provides access to key partners via BIO One-on-One Partnering, educational resources to help drive your business, and the insights you need to continue critical research and development.
