A Discounted RESI Partnering is Available for 1-1 Partnering Meetings

At every RESI conference, tech hubs and their early-stage startups receive the Super Early Bird rate to sign up and meet investors and licensing partners. See discount codes above for 3-day or 2-day [partnering ticket](#).

Investor Panels and Workshops

Access all the investor and licensing partner [panels and workshops](#). These sessions provide insight from investors and strategic partners who use LSN and RESI to source early-stage assets for their portfolios and product pipeline. Learn how these partners source and evaluate startups and what the process takes.

Innovator's Pitch Challenge (IPC)

The [Innovator's Pitch Challenge \(IPC\)](#) takes place at every RESI conference and allows startups to pitch to a panel of investors and licensing partners that are a fit for their stage of development. Watching other startups who are prepared and ready to pitch will give entrepreneurs the ability to see first-hand how their colleagues tackle the pitching process. Startups pitch at RESI for 4-minutes and participate in a live Q&A session for 9-minutes to a panel of investor judges. IPC will be in an onsite format at RESI in September.

About Life Science Nation (LSN) Redefining Early-Stage Investments (RESI) Events

LSN's Redefining Early Stage Investments (RESI) conferences are held 5x per year and is the hot spot for early-stage life science startups to begin meeting a global range of investors and strategic partners who may become a part of current or future capital raises. Startups include drugs, devices, diagnostics, and digital health, raising Pre-Seed to Series B under \$50M USD. For questions, please contact Erika Wu at e.wu@lifesciencenation.com.
